

LOWER HOUSE OF OKLAHOMA TO CONVENE

SUFFICIENT NAMES TO INSURE A CALL HAVE BEEN SIGNED

Date Set for Next Wednesday—Sixty-Nine Legislators Sign Call—Fifty-Four Constitute Majority—Governor Advised Allow Session to Proceed—May Depose Speaker

(By the Associated Press)
OKLAHOMA CITY, Okla., Sept. 20.—A special session of the lower house of the Oklahoma legislature to hear charges that Governor J. C. Walton has overridden the constitution and laws of the state in his martial law regime is assured, it was announced tonight by W. C. McBee, house representative in charge of the fight on Governor Walton. Sixty nine legislators have attached their names to the call for the convening of the house at noon next Wednesday, McBee said. Fifty four constitutes a majority.

That Governor Walton will not use troops to prevent assembly, despite his earlier threats to the contrary, was the prediction of McBee and his associates.

E. J. Giddings, one of the governor's closest legal advisers, announced that he would advise the governor against attempting to interfere with the session.

"Let them go ahead—it is not legal," Giddings asserted.

CONSPIRACY TO RUIN NAME IS WOMAN'S CLAIM

**Claim Millions Spent
to Secure Perjured
Affidavits**

(By the Associated Press)
CHICAGO, Sept. 20.—In an attack against W. E. D. Stokes, wealthy New York clubman who accused her of divers indiscretions in his recent suit for divorce, Mrs. Helen Elwood Stokes today asked the aid of the state's attorney office against what she declared was a conspiracy to ruin her reputation.

She told Charles S. Wharton, assistant state's attorney that Mr. Stokes had spent thousands of dollars in Chicago for perjured affidavits in an attempt to establish her identity as an inmate of a notorious resort of twenty years ago.

As a result of her charges twenty persons were subpoenaed to the state's attorney's office for questioning while Mr. Wharton declared that if Mrs. Stokes' charges are substantiated, the indictment of all those whose affidavits are said to be fraudulent will be requested on grounds of conspiracy to commit perjury, conspiracy to obstruct justice and conspiracy to defame.

I. W. W. MEMBERSHIP NO PROOF OF GUILT

(By the Associated Press)
LOS ANGELES, Calif., Sept. 20.—Membership in the Industrial Workers of the World and similar organizations is not conclusive proof of guilt of criminal syndicalism as outlined in the California code, according to a decision handed down today by Justice Frederick W. Houser of the Second District Court of Appeals, division one, reversing a former judgment and granting a new trial to Felix Thornton.

SITUATION IN EUROPE SHOWN BY L. GEORGE

**European Problems of
Present Reviewed
in New Book**

(By the Associated Press)
LONDON, Sept. 20.—Europe as viewed from outside number 10 Downing street is a sad spectacle in deed and is going from bad to worse, in the eyes of David Lloyd George, who in a 300 page book entitled "Is It Peace?" to be published Sept. 28, reviews the whole ambit of the present European problems, comments thereon in the vigorous style, replete with sonorous metaphor, which is characteristic of his writings. The book is an amplification of the former premier's articles with a preface in which the author says it has not been necessary for him to revise any of the estimates of the various situations he has made from time to time. He is convinced that peace has gone back perceptibly and unmistakably.

Up to 1923, says the ex-premier each year after the end of the great war showed a distinct improvement over its predecessor but "the present year has been one of growing gloom and menace; the international temper is distinctly worse all around."

Patched in Peace

Lloyd George says Europe's patched up peace pacts will leave the continent in a more precarious plight than ever, but he is still hopeful that the settlements will be left to the diplomats and not to the "gunmen."

The Ruhr situation particularly receives the ex-premier's attention. He is confident that the program of his government for meeting reparations of Germany was the only one possible of fulfillment and he continues to demand full publicity for the British proposals submitted to the allied conference of August 22, which he says were subsequently accepted by all the allies with the exception of France.

"Poincare refused to agree and his refusal alone rendered the conference fruitless," says Lloyd George. "Over a year has elapsed since then. He has pursued a different policy and so far it has brought him nothing. I am bold enough to predict that in the future it will bring France considerably less than the 1922 plan would have done."

"The permanent garrison in the Ruhr has possibilities of mischief which it does not require any special vision of foresee."

FIGHTING REPORTED GOING ON IN SOFIA

(By the Associated Press)
ATHENS, Sept. 20.—Advices from Sofia arriving here thruout diplomatic channels which are not specified, report clashes between troops and revolutionists in Sofia.

A number of the latter were killed or wounded and it is asserted that those arrested were cruelly beaten and that several died from injuries. The advices added that the Bulgarian government is taking severe measures to quell the movement but is meeting with strong resistance. It is said in Northern Bulgaria, especially at Plevna. The Bulgarian government is said to be exaggerating the importance of the movement.

NEW YORKERS STILL WITHOUT NEWSPAPERS

(By the Associated Press)
NEW YORK, Sept. 20.—A committee of newspaper publishers, called in conference with George L. Berry, president of the International Pressmen's and Assistants' union to consider a union plan for settlement of the strike that has curtailed newspaper publication for several days, adjourned at midnight tonight without taking definite action on the proposal. It was said, however, that some points had been agreed upon and another meeting would be held tomorrow.

WRECK ON SANTA FE

Phoenix, Ariz., Sept. 20.—Four members of the train crew are reported killed and several persons injured in a wreck of Santa Fe Overland Limited Train No. 3, westbound, near Hot Springs Junction, 40 miles from Phoenix late today. Details are lacking.

Mrs. James Landman of Rood-house was a shopper in the city Thursday.

Johnson Comments On League of Nations

(By the Associated Press)
SACRAMENTO, Calif., Sept. 20.—United States Senator Hiram W. Johnson of California, speaking on the League of Nations, at a luncheon today declared "when Mussolini bombarded Corfu he shot up the Moribund League of Nations. The Italian cannon dramatically demonstrated to the world what was before known and what many times has been proven, but what internationalists failed to understand or willfully refused to recognize." The senator was introduced at the luncheon as a "favorite son Californians deem worthy to be president."

Since the establishment of the league Senator Johnson continued, eight member states have resorted to arms in violation of the covenant and in no instance has any attempt been made to penalize the offenders.

The senator asserted Lord Cecil now is endeavoring to have adopted "a new provision of the covenant by which force that is, soldiers, could be requisitioned in different zones to compel obedience to the league's mandates."

"I cannot repeat too often," continued Mr. Johnson, "this so-called court is not a court at all. It can act, as its chief spokesman, Lord Cecil says, only when it is asked to do so by the nations in dispute. The great nations, England, France, Italy and Japan, have practically declined to submit to its compulsory jurisdiction."

MILITARY COURTS IN OKLAHOMA CITY TAKING TESTIMONY

**Walton Appears and Makes
Sensational Public
Statement**

(By the Associated Press)
OKLAHOMA CITY, Okla., Sept. 20.—Sensational testimony exposing the alleged inner workings of the Ku Klux Klan in Oklahoma City and designed to show that the secret organization has directed mob violence, was made public tonight by Governor J. C. Walton.

The testimony was taken by the military court sitting here, and given out by the governor "that the people may know the purposes" of the Klan.

In a preface to testimony Governor Walton declared the burden of the fight against the Klan had fallen upon himself and upon Aldrich Blake, his counsel, making it necessary for him to appeal for financial aid.

"Every effort is being made to cripple us financially so that we cannot continue the fight," the governor said. "I call upon the people who believe in a representative form of government to immediately to assist us financially and to make all remittance to Mrs. Aldrich Blake, Oklahoma City, Oklahoma. Aldrich Blake himself is absent from the city at this time and probably will be for some days."

"So far as I am concerned," Governor Walton declared, "I have crossed the rubicon and it is a fight to the finish."

"Jewett," grand dragon of the Oklahoma Realm of the Klan and his crowd have turned the fight over to the Klan newspaper and the Klan members of the legislature.

"Jewett and his 'invisible empire' shall not pass in this state. If necessary I shall arm every man in this state who is opposed to his empire."

HELD ON RIOT CHARGE MEN ARE DISCHARGED

(By the Associated Press)
PITTSBURGH, Sept. 20.—Nine men arraigned before Alderman George J. Anding in riot in connection with recent fighting between members of the Ku Klux Klan and residents of Carnegie in which one klanman was killed were discharged.

The alderman in dismissing the case said that he had reached his decision because of the contradictory nature of the evidence given regarding the beginning of the fighting. The alderman's room was filled with friends of the defendants who cheered the decision.

Big Wine Haul Made By Federal Agents

(By the Associated Press)
CHICAGO, Sept. 20.—Enough evidence to involve half of the police department and half of the sheriff's office in beer running scandal in connection with the slayings of alleged beer runners, here, according to Judge Harry W. Lewis, would be available if William O'Donnell would tell all he knows. Judge Lewis made this assertion when he ordered O'Donnell and William Caffarala, alleged O'Donnell gangsters, held pending resumption of the hearing on writs of habeas corpus Monday.

"I'm telling you, Bill, not to say anything," O'Donnell warned Caffarala when Judge Lewis sought to question "Bill."

Double shifts of bailiffs guarded the court room and doors during the hearing.

Declaring that someone in the police department is getting a "rakeoff" or beer trucks would not be able to run thru Chicago streets, Judge Lewis refused to release Walter O'Donnell.

Joseph Larson, who was sought by the police yesterday for questioning in connection with the death of the two men surrendered today but denied that he had any knowledge of the affair.

Four barrels of wine were seized by federal prohibition agents today in the basement of a restaurant.

OPIMUM TRAFFIC REGULATION IS LEAGUE'S PLAN

**Work Takes Definite
Shape at League
Meeting**

(By the Associated Press)
GENEVA, Sept. 20.—Plans for two conferences on the opium question were definitely formulated at Geneva today. Resolutions were adopted by the league of nations opium commission providing for, first, a conference of the countries having far eastern possessions where opium smoking prevails, and second, an international conference of all countries to determine upon a plan to limit the production of opium and cocaine leaf and restrict the manufacture of their derivative drugs for scientific and medicinal purposes. The American and French delegations have been working closely together in an endeavor to construct a strong campaign as possible against the opium evil in all its forms.

A delicate question arose today over fixing of a conference for limiting opium smoking. In India there is considerable eating of opium and in order to embrace all forms of opium use in the far east the French representatives proposed that the first conference should consider a means limiting the use of prepared opium, which might include both uses of the drug. This suggestion was not accepted but presumably all forms of opium consumption will be discussed at the second general conference.

Ethiopia will be admitted to membership in the league provided she will promise full adherence to the slavery adaptations in accordance with the Berlin and Brussels conventions as revised at St. Germain in 1919, and adhere also to the St. Germain convention for the limitation of private traffic in arms.

The League Covenant.

Eminent jurists still to be chosen will pass upon the vital question of how the league covenant should be interpreted. Italy declined to recognize the competency of the covenant in her conflict with Greece and the issue thus raised is so grave that the council of the league today decided to launch a general juridical inquiry to cover all such incidents arising in the future.

Lord Robert Cecil emphasized tonight the importance of the fact that Italy has agreed to this examination. The present tendency of the council is to avoid making the decision political in nature, which might engender bitterness and drive Italy out of the league. It is probable that the question will ultimately be thrown into the permanent court of international justice.

CAUSES NAMED FOR BITUMINOUS COAL LOSSES EACH YEAR

(By the Associated Press)
WASHINGTON, Sept. 20.—Bituminous coal lost to consumers equals nearly 30 per cent of the annual production of the coal commission reported to President Coolidge today after an exhaustive survey. The commission listed 19.4 per cent as avoidable loss and 15.3 as arising from causes which normally could not be obviated.

The survey was confined to producing states east of the Mississippi because of inadequate field forces to undertake a comprehensive study of the entire bituminous area. The states covered produced 368,500,000 tons in 1921, or 90 per cent of the national production. Compared with this, the commission declared, 196,600,000 tons were lost listing the following as "causes as responsible for avoidable losses."

The Faulty Methods.

Improper methods of mining; carelessness and had engineering even in carrying out those faulty methods; careless cleaning of coal at tipple and in mines; excessive blasting; poor transportation methods; leaving pillars to hold roof instead of backfilling; using coal for ballasting tracks; working in mines without adequate "lights" with the result that much coal is passed.

By states the losses ranged from 20 per cent in Virginia to 49 per cent in Illinois, the aggregate being estimated to equal the total annual output of the states of Illinois, Alabama, Indiana and Virginia.

AMATEUR BOXER DIES FOLLOWING A MATCH

(By the Associated Press)
MINNEAPOLIS, Minn., Sept. 20.—Three young men held in connection with the death of Walter Groeschel, 18, amateur boxer who died in the ring last night, were ordered released today by Floyd B. Olson, county attorney.

The men are Conrad Becklund, 20, Groeschel's opponent; Arnold Sandberg, referee, and promoter Hastings. Mr. Olson took statements from the three and said he will present them before the next grand jury.

After a post mortem examination of Groeschel today, Dr. G. Callstrom, deputy coroner said that death probably was the result of a blow to the solar plexus. The boy had eaten a heavy meal before the bout and doctors believe the food aggravated the shock of the blow.

CASES DISMISSED UNDER LEVER ACT

WASHINGTON, Sept. 20.—When the first ten cases are called for argument in the supreme court after it meets October 1st, three of them will be dismissed without a hearing, counsel having agreed on a settlement without awaiting action of the court.

One of the cases to be dismissed came from Illinois and was brought by the Indiana and Illinois Coal Corporation and Herman C. Perry, who objected to going to Indiana to answer an indictment for an alleged violation of the Lever act during the war.

The government has agreed to a settlement entirely satisfactory to the other parties to the suit.

The third is the case of the Hillsboro Coal company and Rice Miller, who were charged under the Lever act with restricting production of coal during the war in connection with the strike of the United Mine Workers of America in the central co-operative fields. The act was declared unconstitutional.

COMMENTS ON STORY OF OKLAHOMA CHIEF

OKLAHOMA CITY, Okla., Sept. 20.—"There is little that can be said," N. C. Jewett, grand dragon of the Oklahoma realm of the Ku Klux Klan commented tonight on the military court testimony released by Governor Walton.

The governor is going to use every contemptible trick at his command to make a target of me as head of the Klan. Such things were to be expected as he is fighting for his political life realizing that his errors have all but hanged him. Our only course from these framed attempts at libel and character assassination is in the courts."

BELIEVED BELGIUM WORKING TO SOLVE THE RUHR TROUBLE

**Admitted German and Belgium Officials
Discussing Situation—Reports Current of
Further Franco-German Negotiations and
May Make Cash Payments on Reparations**

(By the Associated Press)
BERLIN, Sept. 20.—A semi-official statement referring to reports current in Paris of possible Franco-German negotiations, makes it quite clear that no practical results can be obtained without the restoration of normal economic activity in the Ruhr with amnesty and permission to those expelled to return, and that the administration must be placed in the hands of German officials and freedom of traffic between occupied and unoccupied Germany restored. The statement declares that such condition would permit reparation payments, commencing with the evacuation of the Ruhr but that Germany can never agree to recognize in any form the legality of the occupation of the Ruhr. That Belgium is attempting to mediate in the Ruhr conflict is admitted at the foreign offices where it is stated and has candidly discussed the situation with Chancellor Stresemann in what is considered to be something more than a merely informal manner.

The German government also is reported as being prepared to offer France an early if not immediate cash payment in the event of its plan of hypothecating German private properties is accepted as a basis for new reparations. In such case, it was stated the government would be in a position by virtue of its lien on the holdings of industrialists, banks, commerce and agriculture to mobilize sufficient ready cash to appease the French demand for something tangible at the earliest possible date, as it was Germany's desire to give concrete evidence of her good faith so soon as the Ruhr conflict was adjusted.

Now that reparations and the Ruhr are again topics of formal conversations between England and France and a decisive turn in the Ruhr deadlock is likely to occur, the Berlin editors are indulging in the familiar recriminations respecting capitulation.

Press Comment.

"Rather a breach with France than surrender of our honor by capitulation on the Ruhr," says the Kreuz Zeitung, which charges Chancellor Stresemann with having "cultivated the capitulation sentiment" inasmuch as he was continually emphasizing Germany's inability further to finance passive resistance.

"The manner in which Ruhr credits are squandered suggests a Panama affair of monstrous proportions."

That the Ruhr and Rhineland industrialists are heavily indebted to the government it is asserted by the Vossische Zeitung, which says that although the official subsidies granted to "big business" in connection with the participation of big business in passive resistance, they were calculated on a basis of material values since May 1, neither of the parties to the agreement appears inclined to consider the obligation as still binding.

EXPLOSION IN FUEL TESTING PROVES FATAL

**Three Killed, Six Are
Hurt in Explosion
in Laboratory**

(By the Associated Press)
WASHINGTON, Sept. 20.—Three men lost their lives and six were injured today as a result of an explosion of gas in the fuel testing laboratory of the bureau of standards here.

L. L. Laver, of Lower Salem, Ohio, was almost instantly killed and Urbana J. Cook, formerly of Cincinnati, and Stephen M. Lee of New London, Conn., died later from their injuries.

Physicians late tonight expressed the hope that the remaining victims of the accident of whom four are seriously injured would recover.

The explosion was the most serious accident in the history of the bureau whose experts daily are confronted with the task of testing every conceivable product of American industry.

Testing Engine.

An internal combustion engine was being tested at the time of the explosion. Officials say they believed gasoline was the cause of the accident, although the presence of exhaust gas from the motor and a spark from some source would have given a similar result. Most of the victims were either standing outside of the building or near the doorway.

The detonation rocked the vicinity of the laboratory for a distance of 500 yards and a large automobile and several airplane motors were hurled thru the air. The altitude chamber of the building used for testing airplane motors and where the accumulation of gas is believed to have had its center, was empty of workers. Those in adjoining buildings were badly shaken up.

Secretary Hoover, who visited the scene said it would be impossible to determine the cause until the injured were recovered sufficiently to be questioned.

GAY MASQUERADER HELD BY POLICE

(By the Associated Press)
CHICAGO, Sept. 20.—Rudolph Dannmeyer, self-styled "secretary to the mayor of San Francisco," was arrested at the city hall today while engaged in "conveying the greetings of Mayor Ralph of San Francisco to Mayor Dever of Chicago."

He was arrested after he had attempted to obtain the endorsement of John Kelly, Mayor Dever's secretary, to a check for \$250. He is alleged by the police to have forged the name of an official of the hotel, where he was up a \$350 bill on another check.

Wearing lemon colored gloves, spats, and carrying a cane, Dannmeyer was taken to the detective bureau where he protested vigorously against "the indignity shown an official of a great city."

MARRIED UNDER GLARE OF AUTO HEADLIGHTS

(By the Associated Press)
MOWEAT, Ill., Sept. 20.—Cupid won another fall and added a new form to his marital system here tonight when Miss Viola Harris and Lawrence Goodman of this city were united in marriage. The ceremony was performed late at night under the glare of automobile headlights as the wedding party stood in the middle of a public highway just over the Shelby county line.

Unable to find a minister in Shelbyville after obtaining a Shelby county license, the couple drove to Bethany in Platt county, procured Rev. E. E. Reed and the necessary witnesses and then drove back across the Shelby line so that the marriage would be legal.

SMILING KINGS

Nothing could show more clearly the decadence of the old king idea than the recent history of Italy and Spain.

Premier Mussolini, former Socialist and present Fascist, is absolute head of the Italian government. When he sprang his celebrated coup, several months ago, he assumed all the important government functions. He spared King Victor Emmanuel. He even professed loyalty to the king. But the deference he pays is to a mere figurehead.

Royalty is reduced to a mere pose. The "monarch" acquiesces in the rule of Mussolini, and does his bidding in essential matters, because there is nothing else to do. It is the only way he can hold his place. Governments may come and go, but he has nothing to do with them except to sign on the dotted line in order to endow their acts with legality. It is the same in Spain, as a

result of the quick, successful little revolution put over the other day by a military clique. Gen. Primo Rivera is ruler of Spain, ousting the government which lately gave him orders. He, like Mussolini, professes to be acting for the welfare of King Alfonso, and Alfonso smilingly accepts the situation, swings over and endorses Rivera's acts as he is bidden.

Bonaparte made monkeys of kings, for a little while, but they rallied after his departure. Now, where they remain in Europe, they are reduced to the status of composite social leader and notary public. Any upstart with enough political backing can order them around, and they can only smile and obey orders while maintaining their theatrical pose and pretending that the authority emanates from them.

COMPANY AT MEALS

Some American boys get into the White House without being President of the United States. There was a whole batch of lively young Americans there during the Roosevelt administration. There are two there now, and any of their contemporaries who are inclined to envy them their privileges should hearken to their mild complaints.

Among their Washington friends the Coolidge boys are said to regard highly the elevator man at the hotel where they lived before their father became President. To him they have been telling their troubles, according to a news dispatch.

"Well" how's everything over at the White House? he asked them. "Salright," is the quoted answer. "What kind of grub do you get over there?" persisted the inquiring friend. "Oh, the food is real good. But we have company at meals all the time." Then, after further questions, came the complete confession.

"Say, Mac, I guess we sound unappreciative, but you know the White House really cramps your style, with secret service men following you around and everything. You know, I'd like to be back on the farm."

The Coolidge lads may learn in time to enjoy life at the White House thoroughly. But it is an arresting thought—company at meals all the time and ever-present secret service men.

FUNERALS

Rowan
Funeral services for Miss Margaret Rowan were held at 8:30 o'clock yesterday morning from the Church of Our Saviour, Rev. F. P. Formaz celebrating high mass. Those in charge of the flowers were cared for by the Misses Cecelia Maloney, Elizabeth Hagerty, Della Thompson, and Helen Ogle.

Northminster Missionary Society Met

The Woman's Home and Foreign Missionary society of Northminster church held a regular meeting Thursday afternoon at the church. The devotionals exercises were led by Mrs. A. F. Sardinha, and Mrs. Van Wormer was in charge of the literary program.

The leader read a paper on housing problems and Mrs. Henry Day presented another interesting article on "Partnerships." A story, "A Desert Flower," was read by Mrs. George L. Coraor.

Another feature of the program was a vocal solo by Miss Laura Fernandes. After a short business session came an enjoyable social hour.

Ready Maids in Regular Meeting

The Ready Maids class of First Baptist Sunday school held a supper and business meeting in the church parlors last evening. Sixteen were gathered for the supper, which was in charge of committees consisting of Mrs. Grace Cowgour, Mrs. C. E. Rutherford and Miss Lulu Wood. Following a brief session, the members of the class made dressings to be used at Passavant hospital.

HUNDREDS ATTEND CONCERT ON SQUARE

Hundreds of citizens attended the band concert given at the northwest corner of the public square last evening. In spite of the drizzling rain, the band assembled and gave an hour's concert which was greatly appreciated by all present. Cars were packed all about the square, which had been erected for the occasion, and people crowded the streets in the vicinity to hear the music.

Next Sunday afternoon the band will give another concert in the band stand at Nichols park and the public is cordially invited to attend. The satisfaction with which the concert last night was received gives promise of a much larger crowd at the park Sunday.

HUNDREDS ATTEND CONCERT ON SQUARE

Hundreds of citizens attended the band concert given at the northwest corner of the public square last evening. In spite of the drizzling rain, the band assembled and gave an hour's concert which was greatly appreciated by all present. Cars were packed all about the square, which had been erected for the occasion, and people crowded the streets in the vicinity to hear the music.

Next Sunday afternoon the band will give another concert in the band stand at Nichols park and the public is cordially invited to attend. The satisfaction with which the concert last night was received gives promise of a much larger crowd at the park Sunday.

TWO ARRESTED THRU SHERIFF'S OFFICE

Men Wanted in Other Counties Taken into Custody on Request of Officers

Charles Stucker was arrested here by the sheriff's force on information received from Harrisburg, Ill. The telegram from Sheriff John Small indicated that Stucker had violated his parole and was wanted also on a minor charge. A deputy sheriff from Harrisburg will take the man back to Saline county today.

The sheriff's office also received a wire from Pekin asking the arrest of Ernest Goble, employed at Jacksonville State hospital. Deputy Sheriff Fleming came from Pekin last night to take charge of this man, who is wanted for jumping a board bill and on another charge as well.

MATRIMONY

Lamken-Rippen

The marriage of Miss Johanne Rippen and George F. Lamken, both of Springfield, occurred at the court house Thursday, with Squire A. B. Opperman officiating. The ceremony was witnessed by George L. Riggs and M. J. Crowe. Mr. Lamken is a Sangamon county farmer.

Fletcher-Brogdon

Charles E. Fletcher and Miss Ada May Brogdon, both of Jacksonville, were married at 5:30 o'clock last evening in the study at First Baptist church, Rev. A. P. Howells officiating. The marriage of the couple came as a surprise to their many friends here. They left shortly after the ceremony for Springfield for a brief wedding trip.

The bride is the daughter of Mr. and Mrs. Gilbert Brogdon, residing in the east part of the city. She has been employed for some time in the office of the Cloverleaf Casualty Co. The groom is the son of Zachariah Fletcher. He holds a position in the Heil floral establishment. The young couple will make their home in this city.

DEATHS

Browdy

Mrs. William Browdy of Nebo died at Passavant hospital about 10:30 o'clock Wednesday night after an illness of six weeks. Deceased was the wife of Adam Browdy. She was born in Pike county on August 9, 1866. She is survived by her husband; one daughter, Miss Esta Browdy, and one son, Marvin Browdy. She also leaves three brothers and three sisters to mourn her loss. Mrs. W. E. Lynn of this city is a niece of the deceased.

The remains were removed to the funeral parlors of C. E. Williamson & Son, and were taken to Pearl yesterday, where funeral services will be held this afternoon. Interment will be in the Watson cemetery.

CEMETERY LOT OWNED BY CHURCH 37 YEARS

Baptist Advisory Board Discovers Property Which was Purchased in 1886—Bought Lot to Save Body from Potter's Field.

Members of the advisory board of the First Baptist church discovered last night that the church owned some property, the knowledge of which seems to have passed from the memory of its members. The property is a lot in Diamond Grove cemetery, which has been owned by the church for thirty-seven years.

The lot came to the notice of the trustees recently when the city cemetery commission presented a bill to the church for care of the lot. An investigation of the cemetery records revealed the fact that in 1886 the church purchased a lot to furnish a burial place for one William Zorner, whose body was removed from the potter's field and placed in the new location. The advisory board voted to recommend to the church that the trustees dispose of the lot at their discretion.

Investigation of the manner of purchase of the lot are to be made and it is probable that the salable portion of the property will be turned into money as soon as possible.

The board discussed a number of matters of routine business, finances, etc. It was voted that the board assume responsibility for raising funds to paint the parsonage.

ANNIVERSARY AT S. S. SHEPPARD HOME

Well Known Morgan People Married Forty Years Ago—Large Company Attended Celebration

A large company of friends assembled Thursday at the home of Mr. and Mrs. S. S. Sheppard in Murrayville neighborhood for the 40th anniversary of their wedding. At noon a wonderful dinner was served, the good things offered seeming to include everything possible for this season of the year. Mrs. Sheppard was assisted in serving by Mrs. Elmer Story, Mrs. John Sheppard, Misses Irene Story, Mary Sheppard, Susie Sheppard and Hilma Franz.

After the dinner came a social time, with music and informal addresses. Miss Franz, who has made distinct advances in the cultivation of her voice, sang several solos with Miss Ida Sheppard as her accompanist.

Dr. G. W. Miller, a life long friend of the family, talked of earlier days in Morgan county and made various references to the history of the well known Sheppard family.

Dr. H. C. Woltman, who has been the family physician for 20 years, also spoke in an interesting and reminiscent vein. C. H. Russell has known both Mr. and Mrs. Sheppard for the full period of their married life and his remarks also added to the interest of the anniversary event.

Mayor E. E. Crabtree, also an intimate family friend, contrasted the bountiful dinner of the day and the other generous evidences of hospitality with the plainer things of the earlier years. Then Mr. Crabtree gave some facts from the history of the Sheppard family which has so long been identified with the county. He also made reference to Mrs. Sheppard's family, which had its part in the development of this section of Illinois. Mrs. Sheppard's maiden name was Mary Perkins and she was born August 13, 1866, at Winchester. Her father was the late Josiah Perkins, born in Scott county in 1835, and her mother Martha Perkins, born in 1838. Both are now deceased.

Thornton Sheppard was the progenitor of the Sheppard family in Morgan county, and was the grandfather of S. S. Sheppard.

In a year you will scarcely know he is the same boy, they grow up that fast. But photographs of children never grow up.

pard. He was born in North Carolina in August, 1795, and 30 years later was ordained a Primitive Baptist preacher. About that time he went from North Carolina to Kentucky and 1830 found him in Illinois with a home at Sulphur Springs at the head of the Maudslatter in this county.

Early Privations

He lived there in a log hut during the severe winter of that year and the historic big snow. The records show that the snow began to fall early in December and was on the ground to a great depth clear thru the month of January.

Mr. Sheppard had married a number of years before coming to Morgan county and he and his wife and four children lived in this small abode thru all the severe winter. Hominy made from parched corn was their principal article of diet. When the snow melted the little log cabin was almost washed away. These facts were given by the speaker merely to call attention to some of the hardships of the pioneers and to bring out the thought of how their surroundings helped in the development of rugged character.

Two months later Thornton Sheppard entered 40 acres of land six miles south of Jacksonville and still later acquired other land. He served as a preacher of the Baptist church for 49 years and it is a just matter of family pride that during all that long period he never received one cent for his services.

J. J. Sheppard, the father of S. S. Sheppard, was born Sept. 10, 1827, in Adair county, Ky., and was not quite four years of age when the family came to Illinois. It is a remarkable fact that there were 12 children in this family and all lived to be at least 79 years of age, the oldest one reaching the great age of 97. These and other facts of family history were given and resulted in the telling of many interesting reminiscences by others in the company. In every way it proved to be a very happy anniversary event.

Among those who attended the affair were: Mr. and Mrs. Oran Cook, Mr. and Mrs. J. C. Brady, Mr. and Mrs. John Sheppard, Mr. and Mrs. Howard McGill, Dr. and Mrs. L. E. Staff, Mr. and Mrs. Andrews, Mr. and Mrs. Harry Andrews, Mr. and Mrs. L. A. Barnhart, Mr. and Mrs. Joseph Barnhart, Mr. and Mrs. Harry Coger, Mr. and Mrs. C. H. Russell, Mr. and Mrs. T. H. Rapp of this city; Mr. and Mrs. Grover Sheppard, Mr. and Mrs. D. Sheppard, Mr. and Mrs. Jess Butler, Mrs. Jennie Evans, Woodson; Mrs. Lucy Hudson, Mr. and Mrs. Fred Erwin, of Murrayville; Mr. and Mrs. Michael Sheppard, Nortonville; Mr. and Mrs. John Marbury, of Athensville; H. C. Worchester, Mr. and Mrs. Charles Amos of Roodhouse, Mr. and Mrs. Albert Perkins, Mr. and Mrs. Ernest Erwin, of Paterson; Mr. and Mrs. Jerry Sheppard, Mr. and Mrs. William Williams, Sara Williams, of Modesto; Mr. and Mrs. Harry Evans, Mr. and Mrs. Arthur Evans, Mr. and Mrs. Byron Sheppard, Mr. and Mrs. J. W. Gunn and family; Mrs. Harry B. Luke, of Virden; Mr. and Mrs. James Luster, of Alexander; Mr. and Mrs. Elmer Story, Mr. and Mrs. John Carlson, of Murrayville; Mr. and Mrs. Norman Carlson, Mr. and Mrs. John Thompson, Mr. and Mrs. Charles Daniels, Mr. and Mrs. Fred Rimby, of Woodson; Mr. and Mrs. John Rea, Mr. and Mrs. Henry Rea, of Murrayville.

COUPLE MARRIED LATE LAST NIGHT

Ralph Looker and Miss Hattie Johnson Rount County Clerk and Squire Out of Bed to Perform Ceremony.

County Clerk George L. Riggs and Squire J. A. Crum had their rest disturbed late last night when they were called from their downy beds to assist Cupid in his matrimonial schemes. The parties to the marriage were Ralph L. Looker of this city and Miss Hattie J. Johnson of Chapin. Shortly after 10 o'clock Mr. Riggs was called upon by the couple and issued the necessary papers. About 11 o'clock the ceremony was performed by Squire Crum at his residence, 316 North West street.

The groom is the son of Randolph Looker and is a painter by occupation. The bride is the daughter of O. J. Johnson and was formerly a resident of this city, but has resided in Chapin for a number of years. Mr. and Mrs. Looker will make their home in Jacksonville. Squire Crum says it is the first wedding at which he has had the privilege of officiating in his new home.

CARITAS LODGE IN SESSION LAST NIGHT

Caritas Rebekah Lodge No. 625 met in regular session on Thursday evening and two candidates, Medora Henley and Gerneda Phelps, were initiated into the order. As this was the 22nd anniversary of the founding of the order, Pearl R. Eberly gave a brief sketch of the organization from the time of its founding until the present.

Mr. and Mrs. Albert Crabtree, who are soon to leave for California, were presented with a silver service and George W. Davis who is also to leave soon for the west, was presented with an Eversharp pencil.

FARMER TYPIFICATION TAKES DIFFERENT TURN

(By the Associated Press)
 CHICAGO, Sept. 20.—"The Hick" farmer with hayseed in his whiskers and trousers tucked in his boots, caricatured in the movies and on the stage, will be relegated to the same shelf with the dodo bird, if plans approved here today at the publicity convention of the American Farm Bureau Federation are successful.
 Movies on Broadway and State street will dispel the ancient farmer type and in his place present on the silver screen the modern farmer, a type of business man with a capital of from \$25,000 to \$100,000, an owner of automobiles and the latest farm machinery. The blame for the old "Yankee Farmer" type being carried in the minds of the majority of America's city dwellers was laid at the door of the movie producers themselves by Samuel Guard, director of publicity of the federation.
 The farm is modern and up-to-date with all the conveniences and comforts of the city but the film producer has woefully neglected to keep pace with the farmer," he declared. "They fail to depict us as citizens, but prefer to picture us as 'hicks' and 'rubes'."
 "We don't want this kind of

caricatures circulating among the public and if the motion picture interests won't picture rural life and districts as they should be we intend to produce our own pictures."

CAUSE OF NURSE'S DEATH A MYSTERY

(By the Associated Press)
 ROCKFORD, Ill., Sept. 20.—What Coroner Olson has called "the most detailed post mortem examination ever conducted in Winnebago" today failed to bring forth any theory on the cause of death of Svea Olson, pretty St. Anthony hospital nurse, whose body was brought into the hospital here Tuesday night by a man who then fled. As a result Coroner Olson is convinced that the girl died of heart disease under stress of a great emotional shock, which has been the only theory possible under the findings of the autopsy, which showed that only under these conditions would heart failure have occurred.

Only One Lead
 The only new lead given authorities today was by two young women who stated that they had seen a man in an automobile account two women unsuccessfully and later take into his car a woman dressed like a nurse at about the time and place where the Olson girl was last seen. But the trail ended here.

ARENZVILLE H. S. NOTES

The text books that were ordered during the first week of school have arrived. This fact is greatly appreciated by the classes in physiology, English I. and American history.

The organization of classes for the ensuing year took place on Wednesday at 3:40 o'clock. The following officers were chosen:

Seniors—President, Vernon Schaad; vice president, Grace Zulauf; secretary-treasurer, Frances Dufermeier; class advisor, Mr. Craven.
 Juniors—President, Lena Hammer; vice president—Cynthia Greley; secretary-treasurer, Wilfred Rice; class advisor—Mr. Craven.

Sophomores—President, Marcella Zulauf; vice president, Lora Triebert; secretary—Mabel Smith; treasurer, Arnold Meyer; class advisor—Mr. Beely.

Freshmen—President, Joe Zillion; vice president—Paul Leischner; secretary-treasurer, Edwin Nobis; class advisor—Miss Ochler.

The physiology class has been divided into two sections for laboratory work. This division was made necessary owing to the large class and the small amount of material suitable for their work found in the laboratory.

The boys have been playing basketball for the past several days. They are being coached by Mr. Armstrong of the grade department.

This Is Essentially a Jewelry Store

It can truthfully be said that jewelry is "the most desirable thing in the world." When you have a gift to buy for one whom you hold in high esteem your first thought naturally is "jewelry."

In view of this fact how thoroughly must a jewelry merchant be engrossed in his business to assemble stocks of such intrinsic worth as to always meet the rigid requirements of a particular clientele.

Through the years we have always met this demand. This is essentially a jewelry store. We do not carry a hodgepodge of articles, but concentrate our efforts to supplying our trade with the best that can be obtained in jewelry only.

Hence, when you have a purchase to make in the jewelry line you may be assured of choosing from the cream of the market in making your selection from this store.

**MAN CAUGHT ROBBING
STORE; OWNER SHOTS**

Wayne Kenneth of Orleans
Catches Man and Brings Him
to Jail in Jacksonville.

Shortly before midnight last night a man whose name was not learned was passing in the vicinity of Wayne Kenneth's store in Orleans and noticed what he took to be flashes of light. Becoming suspicious he at once notified the proprietor.

Mr. Kenneth secured a shot gun and arrived on the scene just in time to intercept a man leaving the store carrying some articles. He called upon him to stop and his failure to do so resulted in his receiving a full load of shot in the outside of the left ankle.

Others arrived on the scene al-

most immediately and together with Mr. Kenneth brought the burglar to the jail in Jacksonville. Dr. H. C. Woitman county physician, was called and gave the wounded man temporary relief, then had him transferred to the Passavant hospital. A closer examination disclosed that the arteries of the ankle had been penetrated and bleeding was profuse. The ankle had been literally peppered with shot.

The man gave his name as Alpha Arthur, a Kentuckian, and stated that he had been employed by Scott Green near Orleans. He is said to have been married last spring to a resident of Alexander but had not recently been living with his wife.

When searched the prisoner had a quantity of pennies and nickels, some knives and other small articles in his pockets and a number of shirts and several pairs of overalls in a bundle.

presumed to have been taken from the Kenneth store. The prisoner was left at the hospital under guard of a deputy sheriff.

MANCHESTER

Joseph Curtis held a public sale Wednesday at his home three miles west of Manchester. The sale was largely attended and everything brought satisfactory prices. William Steelman bought a team of horses at \$262.50. Roy McPherson purchased a two year old mare at \$128.50 and a three year old horse at \$120. Eleven head of cows averaged \$75 per head. The ladies of the Baptist church served lunch and cleared about \$57.

Mr. Curtis and his wife expect to leave about the first of October for California, where they will spend the winter. Roy McPherson and family are to occupy the farm.

Albert Greenwalt left Thursday morning for Rochester, Minn., for a visit with his daughter Mrs. F. J. Houck.

Mr. and Mrs. William Hart of the Zion neighborhood spent Wednesday at the home of Glenn Funk.

Elmer Alred, who has been ill for the past week with spinal neuritis was able to be down town Thursday.

Mr. and Mrs. Robert Cooper of Roodhouse are visiting their son George Cooper and wife.

Charles Curtis and son John of Jacksonville attended the sale of Joe Curtis Wednesday.

It. J. Ash, who has been confined to his home for the past week with a carbuncle on his knee, is now improving steadily.

**GREATEST WORK IS
SERVICE EXPRESSED**

(By the Associated Press)
CHICAGO, Sept. 20.—The man who is afraid to hear the challenge of youth or hearing it, is uninspired to meet it, is either a dead or dying member of the church and a failure as a Christian, according to George Anthony King, barrister, president of the Brotherhood of St. Andrew in England, speaking to-night before the international convention.

"There is no bigger or more powerful principle which challenges the attention of men of vision who believe in action than the principle of co-operation expressed in service," he said.

"There is no better plan for serving and sharing our best with the world in obtaining our objectives than thru this organization group of men and boys who have caught the vision of prayer and service as working principles and who are endeavoring to apply them."

The brotherhood, founded here forty years ago at St. James Episcopal church, has since its birth been the heart of a worldwide movement. Senior and Junior conferences are being held. A spiritual program is provided for the boys each morning and the afternoon given over to athletic contests on Stagz Field and swimming meets in Bartlett Gymnasium at the University of Chicago, where the conferences are being held.

MURRAYVILLE

Murrayville, Sept. 20.—The Dobson funeral held Sunday afternoon was unusually well attended, the many persons gathered to pay a last tribute to the memory of a popular citizen, taxing the capacity of the church, including the Sunday school rooms, many of those attending standing outside.

Quite a number of Murrayville residents drove to Jacksonville Sunday afternoon where they enjoyed watching the unloading of the circus. The raising of the tents and the unloading of the elephants proved especially interesting.

The I. O. O. F. picnic, though not drawing as large a crowd as sometimes attend picnics, was a very enjoyable occasion. The soup and chicken dinner were very gratifying to the picnickers and netted the Odd Fellows \$280. The lodge appreciates all services rendered and patronage given, and is especially grateful to the Ladies' Aid for equipment lent, particularly as many of the members are not Rebekahs.

Rev. W. C. Harms of Murrayville was called home from the conference at Champaign to conduct the funeral services of the late Edward Dobson.

Mrs. Mary E. Wright and family are enjoying a new sedan.

Murrayville was well represented at the circus in Jacksonville Monday.

A number of Murrayville residents are attending the State Fair, some driving in machines and other going via "The Air Line."

Mr. Cody and family, formerly of Roodhouse, have taken up their residence at Murrayville and have located in the Bush house.

Albert Hayes accompanied a load of live stock to Chicago Monday.

WRITES FROM OHIO

A card has been received from D. C. Diltz that his party were leaving Columbus, Ohio, on the 18th for a short visit in Cleveland and that they expect to return to Jacksonville about Sunday or Monday. He states that all of the party, which includes Mrs. Diltz, Mrs. Harry Finch and son, Harry, Jr., are enjoying every minute of their visit.

Mrs. Paul S. Dysart returned to her home in Evanston recently after a brief visit at the home of Mrs. William Newman on Westminster street. Mrs. Dysart has but recently returned from a trip abroad, spending about four months at the home of a daughter who is married to a Frenchman and is now residing in France. Mrs. Dysart is a friend of Mrs. Sue Vickery, aunt of Mrs. Vickery, and it was because of this fact that she was a visitor in Jacksonville.

**SUPT. SHAFER SPEAKS
AT JUNIOR HIGH**

At the assembly of David Prince junior high school Thursday morning B. F. Shafer, superintendent of schools, made a brief address in which he emphasized student responsibility. The line of thought was in accord with observance of constitution week and Mr. Shafer based his remarks on the responsibility that citizens owe to their government. As a government is good or bad, just in accordance with the spirit and actions of a city, so the atmosphere of a school is very largely dependent upon the attitude and actions of the student.

In the earlier part of the session a number of songs were sung under the direction of Miss Carter with Catherine Goebel at the piano, and Fred Birdsell playing the violin.

Mr. and Mrs. R. D. Mawson from Murrayville were in Jacksonville yesterday.

**Where did that word "style"
come from?**

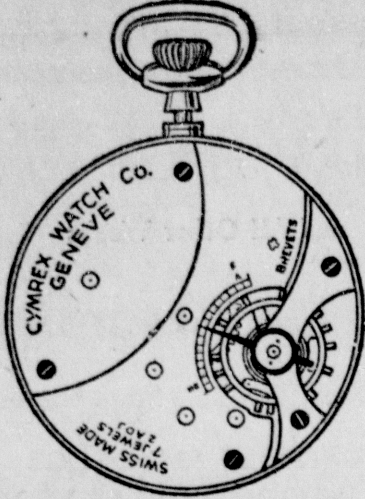

IT'S an important word; everybody wants it in clothes. The word originally came from the Latin "stilus" meaning a writing instrument, a manner of writing, or a mode of expression

In these days "style" is really a "manner of writing" about the man who wears it. If the style is good it says he has taste, judgment, respect for himself—

LOCAL MAN WRITES OF TOURIST CAMPS

Tells of Trip Thru Number of Cities and Towns Where Excellent Camps Were Maintained—Trade Extension Not a Motive in Many Places

The writer recently had the novel experience of driving thru Iowa, Minnesota and Wisconsin and stopping at their tourists camps. The route took him thru Peoria, Ill.; Cedar Rapids, Iowa; Austin, Little Falls, Moorhead, Itasca Park, and Eveleth, Minn.; Solan Springs, Osseo, and Richland Center, Wis., and a final stop at Richelle, Ill. Some of these places are hardly on the map, but they, certainly have tourist camps worthy of more than passing notice. In fact, every camp had some talking point. Cedar Rapids has an enclosed kitchen with free gas for tourists and toilets and lavatories supplied with running water.

In general in Minnesota and Wisconsin, the camps were well supplied with good water, plenty of wood cut ready to burn, and sanitary toilets. Little Falls, 90 miles northwest of St. Paul, has a fine kitchen maintained by the Auto Club. While the camp is a mile from town the grounds are lighted by electricity. Moorhead, Minn., has a rest room that is as modern as a city home. One feature of the rest room is a bath room conveniently supplied with shower baths. Itasca Park at the head waters of the Mississippi river, is very attractive to tourists. The state of Minnesota maintains a comfort station there that is worthy of the name. The tourists at that point will appreciate the bountiful supply of fire wood, especially when ice forms a half inch thick at night.

Eveleth, Minn., a small place in the Iron Range, has the most complete all-around camp the writer visited.

The furnaces are covered with sheet iron so that a shower won't put out the fire. There are also very attractive rest rooms for men and women with running water and every modern convenience. This camp is over one mile from town, but is maintained above criticism. The travelers are urged to stay over night at this camp, although everything is free and the caretaker isn't looking for a tip. Osseo, Wis., is a little village of less than 2,000 but has a very attractive log hut near the golf links, a half mile from the town. The cabin is fastened with an old fashioned wooden latch with the string hanging out. They had fully a carload of good wood cut for the good range inside the cabin.

Eveleth, Minn., and Osseo, Wis., were so attractive that a tourist really regretted to leave them. In answer to an inquiry as to whether these things paid as a trade drawing standpoint, the men said they were not built for that purpose. When they travel they like to stop in good camps and they didn't feel that they could expect to enjoy that privilege without doing something for the traveler who came their way. They said it was a good advertisement for the town. We do not believe that a tourist should have any hesitation in stopping at any of the camps mentioned, provided he likes an outdoor life.

A NIGHT OF SYNCOPATION
Never before in the realm of popular music has a colored organization been assembled which has drawn such enormous audiences as Handy's Original Band and Sara Martin, the famous colored Blues singer. Handy has played from coast to coast. In recent seasons, Handy himself has had to forego his annual concert tours on account of his work as the world's most prolific "jazz" composer, being president of his own publishing house in New York, but this season he decided to make another tour of the country in conjunction with the sensationally successful colored blues singer, Sara Martin, who has scored a volcanic hit on the phonograph records.

From beginning to end, the program of the famous Handy Band and Sara Martin will embrace every hit of these two stars; everything from the soft, crooning lullaby, the darktown blues, the famous Handy March hits, laments, one steps, on down to the ultimate in present-day "blues" successes, both instrumental and vocal. It is an evening packed with melody, enchanting harmonies, novelties and surprises not heretofore encountered in popular concerts of any type. The concert of this popular organization will be given at the Grand tonight.

The number of improved town and city lots is fixed at 5,638 and the assessed value is \$1,331,533. The value of the improvements on these lots is listed at \$3,975,450. Unimproved town and city lots to the number of 1,820 are listed with a value of \$172,737.

BIG PROFIT SHARING CAMPAIGN ORGANIZED

Expect to Open Trade Project on October 10 — Committees are Named—Four Automobiles to Be Part of 600 Gifts.

Definite arrangements for Jacksonville's Big Profit Sharing Campaign were made at 4 o'clock yesterday afternoon at a meeting of the campaign committee in the Chamber of Commerce. The date of opening the campaign was set for October 10, and all committees were appointed.

J. S. Hackett has been chosen general chairman of the campaign executive committee, with the following assistants:

Fletcher Hopper, vice chairman; H. C. Welch, secretary; H. J. Rodgers, J. C. Lukeman, A. R. Taylor, J. W. Morrison and L. F. Randall. In the absence of Chairman Hackett, vice Chairman Hopper presided and appointed the following committees:

To have charge of display room—A. R. Taylor and J. C. Lukeman.
Advertising—L. S. Reid.
Purchasing committee—J. C. Lukeman, L. F. Randall and C. W. Merriam.
Coupon committee—A. R. Taylor and H. C. Welch.
Donation committee—J. W. Merriam, L. T. Hamilton, G. B. Andre, George Lukeman and Merle Cain.

The purchasing committee was instructed to buy four automobiles ranging in price from \$2,500 to \$5,000, which will be the main gifts. The furniture and other articles, will be the best that can be purchased. It is intended to have about 600 gifts. The display room will be selected as soon as possible, and the printing of the coupons will be started immediately. It is intended to have the campaign ready for opening by October 10.

The coupons will be redeemable in cash at the display room at any time after the opening of the campaign, and the fact that they are redeemable will not affect the distribution of gifts.

WILL OCCUPY QUINCY PULPIT SUNDAY
Rev. E. L. Pletcher is to fill the pulpit of the Vermont street church in Quincy Sunday, to which he was recently assigned by the M. E. conference. However, he will not remove to Quincy until some time during the coming week.

Rev. Mr. Pletcher retires from the superintendency both because of the six year limit and from his wish to return to the ministry. He was unusually successful in the arduous work of the district, and the reports of the various churches under his jurisdiction give ample proof of his devotion and leadership.

KIWANIANS OBSERVE CONSTITUTION WEEK

Attorney W. W. Wright Delivers Stirring Address on National Document at Meeting Yesterday — Prof. Holden to Speak Next Thursday.

Yesterday was Constitution day for the Kiwanis club. The feature of the program at the Peacock Inn was an address by Attorney Walter W. Wright on the U. S. Constitution. The speaker traced the history of the document from its origin to the present time, dwelling on the present time, its provisions and of the laws which have been made to support it.

Mr. Wright was applauded several times when he scored the violators of the constitutional provisions and those who are lax in carrying out their duties as citizens. He called the attention of the audience to the fact that the good citizen shirks jury service and hesitates to be excused. Consequently, men who are incompetent, but always willing to earn a few dollars on a jury, have to be impaneled, and the result is unjust and ill-formed judgments and decisions. This brings upon the American courts an undeserved criticism, a blame which should really be placed upon the citizens themselves.

The Coolidge Message.

In connection with the program statements of a number of prominent national leaders calling on the people to support the Constitution, were mentioned. President Coolidge is of the opinion that the American people will be more disposed to support the Constitution as they come to better understand its provisions and foundation principles. His statement, issued as a message for Constitution Week, follows:

"The annual observance of September 17th as Constitution Day in honor of the fact that it is the anniversary of the signing of that great charter, is a custom altogether worthy of continuation and preparation. I am glad to know that the day will be so widely celebrated this year, for I am sure that, as the American people widely appreciate the blessing that their Constitution has insured to them, so they will be the more disposed to live in accordance with its precepts and purposes."

Refuting Vicious Documents.

Patriotic efforts in connection with "Constitution Week" towards the refutation of the vicious doctrines which have been disseminated throughout the nation for the past few years are highly necessary at this time said General John J. Pershing, in a letter of the Kiwanis Club International, in commenting upon the need of education regarding the Constitution and its makers.

In accord with the movement he has just issued orders to each corps area and department commander directing that "Constitution Week" be observed at every post, camp and station throughout the United States, Hawaii, the Philippine Islands and Panama.

"An eminent Englishman, the late Lord Bryce, who was a profound student of the Government of the United States," wrote the General, "said of our Constitution: 'The Constitution of 1787 deserves the veneration with which the Americans have been accustomed to regard every other written Constitution for the intrinsic excellence of its scheme, its adaptation to the circumstances of the people, the simplicity, brevity and precision of its language, its judicious mixture of definiteness in principle with elasticity in detail.'"

"We should keep before us the circumstances attending and attending the adoption of our Constitution, and the sacrifices that have been made to preserve it as the law of the land; and we must keep before us too those characteristics of our forefathers, common sense, judgment, high character, and patriotism, which made the Constitution an effective instrument."

Pictures Shown.

G. H. Naylor, manager of the Springfield headquarters of the Burroughs Adding Machine Co., closed the Kiwanis program with an illustrated talk on the features of this complicated piece of machinery. Two reels of motion pictures showed the various uses of the machine and how it facilitates office and bank work. Mr. Naylor said that there are now machines for every class of office work. These are adding machines, bookkeeping machines, calculating machines and billing machines.

Altho next week a number of Kiwanians will be attending the meeting in Dubuque, it is planned to have one of the strongest programs of the season. Prof. P. G. Holden, field director of the Agricultural Extension department of the International Harvester Company, will be the speaker and his theme will be "Community Development." Invitations to attend this meeting are being sent to the various civic and community organizations and a large gathering is expected. Prof. Holden is a speaker of real merit, and efforts have been made many times to secure him here.

MRS. IRVING WOODS DIED SUDDENLY

End of Life Journey Came for Well Known Resident After but Two Days Illness

The death of Mrs. Irving Woods occurred at the family home, 252 Caldwell street, at a late hour Thursday night. The news of the passing of Mrs. Woods will come as a genuine shock to her friends, as very few people knew of her illness, which was of but two days' duration.

Mrs. Woods' maiden name was Miss Lola Tyrrell and the greater part of her life was spent here in Jacksonville. She was the daughter of Mr. and Mrs. Theodore Tyrrell, long time residents of the city. As a young woman she was married to Irving Woods, who survives together with five children: Miss Bonnie Woods of Carrollton, Vinton Woods, who had intended to return yesterday to Leland Stanford university in California, Lester, Donald, and Cornelia at home.

The deceased leaves also three sisters and one brother, Mrs. Benjamin Kirby of Los Angeles, Mrs. Edward Patchen of Carlinville and Miss Zoe Tyrrell of this city, and Theodore J. Tyrrell of this city.

Mrs. Woods has been for a number of years actively associated in the work of the Congregational church. She was a woman more than usually devoted to her home and family and she met the varied relationships of life in a way that commanded the admiration of all who knew her. Service and self sacrifice were dominant characteristics throughout the years of this useful life, which has closed so suddenly.

Arrangements for the funeral have not yet been completed.

A Serious Time Indeed

is that time when a Surgical Operation is to be considered.

During that act your life is in the hands of others and it may never be yours again. That depends only upon the SKILL and ABILITY of those directing the KNIFE and the after care.

The only sensible way to make sure in your decision is to compare "RESULTS."

PUBLIC SALE OF VALUABLE REAL ESTATE

In order to close up the Hannah E. Traylor estate, we will sell on Saturday, September 29th 1923, at 1:30 P. M. at the South door of the Court House, Jacksonville, Morgan County, Illinois:

One hundred and forty-one acres, more or less. All land is located in township 15 North, Range 10, West of the Third Principal Meridian, Morgan County, Illinois.

This farm is known as the Hannah E. Traylor Farm on the Edward Phillips Farm and is located two and one-half miles East of Jacksonville on the Springfield State Oil Road.

The farm must be seen to be appreciated; good deep soil, well tilled, best of improvements, on a good oiled road; a real high grade stock and grain farm.

Abstract and title can be seen any time before sale at the Farrell State Bank.

Terms: 25 per cent on day of sale, balance March 1st.

Possession given to the wheat ground this fall and balance March 1, 1924.

CARNIVAL TO OFFER MANY ATTRACTIONS
Brundage Company Will Bring Numerous Features for American Legion Event

Plans are rapidly shaping for the carnival to be managed here next week under the auspices of the American Legion. The attractions are all to be furnished by the S. W. Brundage carnival organization.

The big, or feature show which is carried by the company is The Aquatic Fantasy or Water Circus. This is a circus over, in and under the water. Fifteen lady and gentlemen performers present the show, which is given in one of the largest and most elaborate swimming and diving pools ever constructed. Garbed in costumes of the seashore these entertainers thrill one with their single, double, and triple dives, fancy springboard diving, demonstrating all the strokes used in swimming, and endurance tests under the water.

Then in the spectacle of Father Neptune and his many daughters one will gasp with amazement to see one of these performers suddenly appear on the surface of the water coming apparently from nowhere, then again to disappear and is seen no more. The real thrill is furnished by Captain Vaughn, the high diver, who climbs to the top-most point of a ninety foot ladder and then saturating his clothing with gasoline to which he touches a lighted match, then plunges head foremost into less than five feet of water ninety feet below.

Next in line is The Autodrome, or Wall of Death, a performance that is presented by both men and women riders, using both high powered automobiles and motorcycles in their races of death on a wall that is as straight up and down as the walls in your own home. A real thrill is provided when you see four of these daredevil riders on the wall at one and the same time, travelling at the rate of a mile a minute and going in opposite directions.

The Big Circus Side Show is where they present freaks, novelties and wonders from all parts of the world. Ten big shows combined under one canvas for one price. The outstanding feature of this attraction is George, the

Missouri school boy giant, who is but sixteen years old, yet he stands eight feet and one inch from crown to corn and is still growing. Another feature is Miss Jennie Reynolds, called the most perfectly formed small woman in the world, who is twenty three years old, stands twenty six inches high and weighs twenty eight pounds. Miss Jenny, while belonging to the midget family, is not presented as a midget, but as a Mental Marvel or Mindreader.

The Dixie Land Minstrel Show is composed of twenty men and women performers in a real minstrel entertainment. This show carries its own band and orchestra. It is here that you will find cossouthers, cakewalkers, buck and wing dancers, funny comedians, monologue artists, and sweet singers from Dixie Land. In fact, everything that goes to make up a show of this kind and character.

The Athletic Stadium is where you will find strong men and women who will meet all comers in either wrestling or boxing. This show is given in a regulation boxing ring, and caters to ladies as well as the gentlemen.

"Shoe" is an illusion show and presents a strange and mystifying performance. A show that will be hard to explain, and which must be seen to be appreciated.

The Musical Revue is a tabloid, musical comedy production with sixteen people in the cast giving an entertainment lasting one hour and fifteen minutes.

Then there is Hell's Kitchen. The Mystic Grotto Show, the Bug House, Joyland, Room 202, and King Tut's Tomb. All of these are mechanical, electrical or "walk-through" shows. Each one is different from the other, and each one a laugh producer.

The following are the riding devices which will be found with the Brundage caravan: The Merry-Go-Round, Aero-Plane Swing, the ever popular Whip, the Fairy swing. This ride is a miniature Merry-Go-Round, and is built especially for the very small children, who are too young to ride the bigger machines. And next is the newest of riding devices which is known as The Caterpillar.

WHEAT QUOTATIONS CLOSE UNSETTLED

CHICAGO, Sept. 20.—Wheat
scored a material fresh advance
in price here today largely as a
result of the fact that the Winni-
peg market was strong notwith-
standing big rural deliveries. Chi-
cago closings quotations were un-
settled 1.00 1/4 to 1.03 1/4 and
May 1.09 1/4. Corn finished 2 1/2 bush-
up, oats at 1 to 1 1/4 gain, and pre-
visions varying from 2c decline to
a rise of 12 cents.

Obstinate resistance which the
wheat market here has shown of
late against selling pressure gave
bulls an initial advantage that
was enhanced by talk of an early
settlement of differences between
France and Germany and by gos-
sip about Washington plans for
farm relief measures. Reports of
snow and rain in the Canadian
northwest also tended to lift val-
ues but the chief focus of atten-
tion throughout the day was the
evident upward tendency of Winni-
peg quotations despite the fact
that Canadian farmers were de-
livering wheat to country stations
at the rate of about 5,000 bush-
els every 24 hours, a total consid-
erably more than was the case a
year ago.

It was explained that so far
the huge deliveries of wheat in
Canada had proved to be no bur-
den because to a large extent the
growers were retaining ownership
by taking storage tickets. In ad-
dition much of the wheat deliv-
ered in Canada was said to be ar-
riving on various sales unfilled
owing to smallness of the Cana-
dian old crop carry over. On the
other hand independent strength
of the corn market was more
or less effective as a stimu-
lus to wheat values.

Wet weather unfavorable for
maturing the new corn crop was
fully in fields damaged by frost
was chiefly responsible for lifting
the corn market. Oats were firm-
er with other grain.

Provisions averaged higher as
a result of an upturn in hog val-
ues.

BUTTER MARKET REMAINS QUIET

CHICAGO, Sept. 20.—The but-
ter market here was easy and un-
settled and trading was very
quiet today.

Buyers held off as much as pos-
sible, believing they would have
to pay no more and possibly less
tomorrow. Most dealers were
free sellers at the below prices
but not many were willing to of-
fer concessions because though
stocks were ample, the supply
was not burdensome. The mar-
ket was at a standstill. Buyers
apparently bought no more
than they needed. Only a few
cases changed hands at the below
prices:

Fresh butter: 92 score 47 1/2; 91
score 46 1/2; 90 score 45; 89 score
44 1/2; 88 score 43 1/2; 87 score 42 1/2;
score 40.

Centralized carlots: 90 score
45 1/2; 89 score 44 1/2; 88 score 43 1/2;
score 42.

Market Report

HOLIDAY BRINGS LIGHTER TRADING

FINANCIAL.
Total stock sales 539,900.
Twenty industrials averaged
\$8.16; net loss 1.01.
High 1923 105.38; low
\$8.92.
Twenty railroads averaged
\$9.67; net loss 12.
High 1923 90.51; low 79.53
Total bond sales (par value)
\$7,476,000.

NEW ORK, Sept. 20.—Profes-
sional speculators for the decline
regained control of today's stock
market bringing about another
sharp recession in prices after a
strong opening. Owing to the
Jewish religious holiday trading
was lighter than usual.

Selling pressure was concen-
trated in the steel, equipment and
motor stocks and a few specialties.
The oils showed evidence of bet-
ter support, losses in the active
issues being held to a point or so.
Further readjustments in crude
prices were announced during the
day. While Wall Street seemed to
agree with Secretary Mellon that
the business situation was econ-
omically sound and the banking
and credit situation was good,
some concern was expressed over
his statement expressing the op-
inion that rail rates on farm pro-
ducts should be revised down-
ward. This was reflected in the
decline of the rail shares, particu-
larly the Northwestern carriers,
which would be the most vir-
tually affected by such a change.
The grainers all closed at their
lowest prices of the day net losses
running from small fractions to
nearly 2 points.

Previously the rails offered
stubborn resistance to selling
pressure.

Heavy offerings of the steel
shares apparently were predicted
on scattered reports of cuts in
steel prices by independent com-
panies and further evidence of
lessened production in both raw
and finished products.

U. S. Steel common broke be-
low 87 for a new low on the
movement closing at 87 1/4 for a
net loss of 1 1/2. Heaviness of this
issue undoubtedly discouraged
bullish operations in other quar-
ters.

CONDITIONS IN INDES TOLD IN LETTER

John A. Howard Gives Picture of Life in Land Where He is Working For The Church.

White Hall, Sept. 19.—The following communication is from a son of Rev. J. F. Howard, a former pastor of the First Baptist church at White Hall. The writer, John F. Howard, communicates with home folks semi-annually—

this one being received by R. B. Pearce today, and is as follows: Contal, Bengal, India.

Dear Home Friends:—Four months have flown by since our last letter to you. We are glad to be back in Contal again. There is no place like home, especially when it has in it the chubbiest, happiest baby on earth.

An old villager says we are sure to have a famine this year because the weather signs are identical with those preceding the two previous famines which he has

seen. There were rains for about a week at the end of February and the weather was crisp and cool for a month longer than usual.

Some very beautiful specimens of deer roam the jungle in one section of our field. Their call is heard nearly every night. Bears are not uncommon. On the way to a Christian festival two of our preachers and their wives lost the jungle road. Ahead in the brush was a large bear. They were afraid he would force an acquaintance but he decided not to do so. A friend of ours was going thru the jungle a number of years ago when he heard a terrible commotion in the clearing ahead and on approaching he saw that two large bears were having a terrible fight. He told the Santali coolie who was with him that a strategic retreat was the order of the day but the Santali said: "Give me a Club," and running up to the bears gave them a beating

and they galloped off into the thick timber.

Leprosy Increases. Leprosy seems to be on the increase. It was discovered that one woman here was a leper and she was told she must be examined. Immediately her temperature rose a number of degrees and she said: "I will put a rope around my neck and commit suicide but I will not go to the doctor." Another leper was informed that he should receive treatment. He answered in no uncertain tone: "I will drink poison. I will cut my throat, but I will not leave my native village." After an immense amount of persuasion both decided to go to the leper asylum. There they would have received injections which probably would have prevented the spread of the disease and might even have produced a cure, but they stayed only a few hours, and then went into the jungle and have not been seen since.

Yesterday there was a big Hindu festival in Contal. In front of the idol house was a bamboo trapeze beneath which a fire was burning brightly. The feet of the worshippers were roped to the trapeze. With bent heads and clasped hands they worshipped the flames below them. While a native clarinet with all its shrillness mingled its notes with the angry beating of a couple of drums, a man danced with frenzy around the fire's edge. This heathen festival is supposed to last ten days. At its closing sessions worshippers walk barefooted through the fire and have spikes put thru the

flesh of their backs. The spikes are attached by ropes to the trapeze. The devotees swing back and forth, sometimes until the flesh is torn from their backs and death is the result of injuries received.

In one village where persecutions have been rife, the Christians have remained faithful. Threat of fines, beatings and lawsuits have only drawn the servants of the Nazarene closer together. From the mouths of Hindus have come the words: "We will also become Christians." One man in this same village a year ago was an idolater in dense heathen darkness, with no hope for this life or that to come. He has now accepted Christ, and during the past twelve months he has been faithful in prayer and Bible reading. A short time ago he said to us: "The religion of Jesus is a religion of great joy."

There are so many who have only one step between them and eternal joy. They will take the last step providing you dear home friends will continue in persistent faithful prayer. The great need is the power of the Holy Spirit to bring conviction and decision. The victory depends on you. The lights must be charged if the lights burn brightly. We are depending implicitly on you to charge the battery.

Three of our Illinois friends on their world tour, have just given us the great pleasure of a visit. The latch string hangs out for all of you. Your good letters have cheered our hearts.

Cordially yours in His service, John A. Howard and Family.

WOMAN'S COLLEGE NOTES

Announcement has been received of the birth of a daughter, Patricia Webster, to Mr. and Mrs. Garret Finch. Mrs. Finch was formerly Miss Ruth Webster, a student at I. W. C.

Word has been received of the death of Mr. George Oliver, of Eustis, Fla. Mrs. Oliver will be remembered by Jacksonville friends as Miss Anna Simmons, who belonged to the class of 1891.

Miss Opal Morgan, who was for two years a student at I. W. C., is now holding a position as secretary to Dr. Daniel Brummitt, editor of the Epworth Herald in Chicago. Miss Morgan is proving very successful in this work and is getting along nicely.

IMPORTANT NEWS

For the Woman who Bakes at Home

As the head of a household, it is your duty to know the true facts of the present wheat situation and how it will affect your family.

The new crop of hard winter wheat has not turned out as expected. Instead, the latest Government and State reports show it to be smaller than last year's small crop—by 120,000,000 bushels! Drought and "rust" just before harvest are responsible. Consequently, strong gluten hard wheat indispensable for making high grade family flour is very scarce. There will not be enough to go around.

However this may affect the average grade of flour produced, it will not affect Enterprise. By greater effort and by paying the necessary premium, we are getting the same highest standard wheat as always, and will continue to use only the finest part of the kernel in making Enterprise.

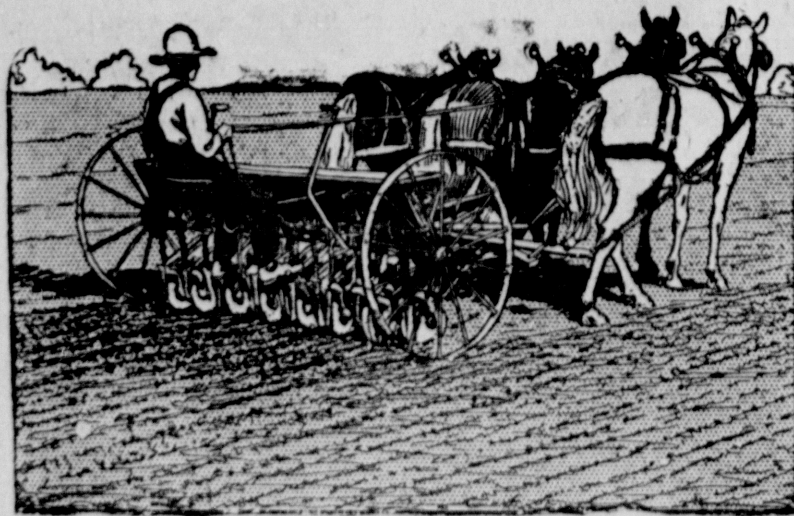

You can always depend on Enterprise.
